

TEAM 2992

THE S.S PROMETHEUS

MANDEVILLE HIGH SCHOOL

WHO ARE WE?

Team 2992 The S.S. Prometheus, a robotics team from Mandeville High, participates in FIRST Robotics Competition (FRC). Founded in 2008 with the help of school staff and the community, the S.S. Prometheus has continued to grow and spread interest in STEM fields throughout its history by educating and inspiring people of all ages to pursue STEM careers and to better their futures. The 30 student members work to design, build, and program a 125 pound robot in order to compete with first teams from all around the world, including qualifying for both Division Finals and FIRST Champs (Worlds) the last three years! Along with technical skills, team members learn management skills, teamwork, and experience the hardest fun they'll ever have.

WHAT IS FIRST?

FIRST (For Inspiration and Recognition of Science and Technology) is an international organization that annually conducts four robotics competitions for K-12 students. FIRST teaches students 21st century work life skills-such as leadership, entrepreneurship, and innovation- that are essential for tomorrow's work force by pairing students with professional mentors from various fields.

HOW CAN YOU HELP?

Building robots is an expensive endeavor. Any contribution increases the team's competitiveness, allows us to attend more regional competitions, and supports our efforts to educate and inspire the next generation of innovators. The team is a 501(c)3 nonprofit organization meaning sponsors qualify for tax exemptions while supporting a great cause.

Sponsorship can take many forms:

- Monetary donations
- Access to facilities or machinery that we would otherwise be unable to afford
- Donations of materials or services
- Mentorship

THE S.S PROMETHEUS

MANDEVILLE HIGH SCHOOL

WHAT IT TAKES TO FUND OUR TEAM:

Budget Breakdown

Our team is a 501(c)3 nonprofit organization allowing sponsors to make tax deductible contributions to our team. Parents formed a Booster Club to enhance the team's fundraising capabilities which was awarded 501(c)3 status in 2018. Donations made directly to the Booster Club allow our student officers to place same-day orders during the time critical build season.

In-kind donations are also welcome. From food to tools, we can benefit from most any donation, specifically:

- A larger size air compressor
- Compartment storage bins
- Aluminum stock
- T-shirts from your business to be distributed by our t-shirt cannon
- Food donations during our build season

Please contact us for additional in-kind donation information.

MENTORSHIP

Mentorship is on an individual basis, though it can be organized through a corporation. Team 2992 benefits from the mentorship of adults in fields like business planning and website design, not only engineering. Since our team operates like a small business, we would love assistance from mentors who specialize in anything from mechanical to marketing. For more information on what kind of contributions you or your organization may provide, please contact us via email.

TEAM 2992 THE S.S PROMETHEUS MANDEVILLE HIGH SCHOOL

SPONSORSHIP LEVELS AND BENEFITS

DIAMOND (\$5000+)

Recognition of the Platinum level plus largest logo when displayed and discount for children of company employees to attend summer camp

PLATINUM (\$3000)

Recognition of Gold Level plus name/logo displayed on robot and name announced with robot at competitions

GOLD (\$1000)

Recognition of Silver Level plus logo on banner displayed in the pit and at outreach events

SILVER (\$500)

Recognition of Bronze Level plus name or logo on team t-shirt

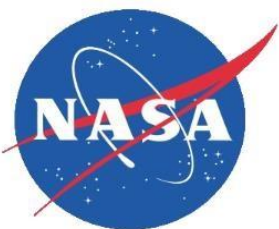

BRONZE (\$50)

Name or logo on website plus invitation to media night.

SPONSORSHIP IS ON A YEARLY BASIS OF AUGUST – JULY

CURRENT DIAMOND AND PLATINUM PARTNERS

BOEM

Entergy

CURRENT GOLD PARTNERS

Atmos Energy
Nu-Air Heating and Cooling, LLC
Fort Knox Self-Storage
RB Bray Consulting Inc.
Shell Oil Co.
St. Tammany Parish School Board

CURRENT SILVER PARTNERS

Ampirical
Carr Riggs & Ingram CPAs and Advisors
Keesler Federal Credit Union

TEAM 2992 THE S.S PROMETHEUS MANDEVILLE HIGH SCHOOL

SUPPORT A TEAM THAT CARES

COMMUNITY SERVICE

In return for all our community has done for us, Team 2992 has spent nearly 400 hours giving back to our community this past year alone, through annual participation in Keep Mandeville Beautiful citywide cleanup, presentations to city council and local schools, as well as numerous STEM events held all over the greater New Orleans area.

SUMMER CAMP

Since 2012, Team 2992 has offered an annual student run, Lego-based robotics summer camp. This is the most direct way that the team can influence young children. Campers learn technical skills such as how to code, how to build a robot, teamwork, and learn what STEM is all about.

FUTURE PLANS

With your support, our team hopes to expand our outreach initiatives to impact a larger number of people. We also hope to host an offseason FIRST robotics event to engage new students on local robotics teams and create volunteer opportunities for those in our community. We also hope to help lower income schools in our area develop FIRST teams and compete to enhance their STEM education.

PREVIOUS ACCOMPLISHMENTS

6 World Championship appearances (2009, 2010, 2015, 2017, 2018, 2019) *

2020 Rock City Regional Semifinalist and Judges' Award

2019 World Championships Hopper Division Finalists

2019 Bayou Regional Finalist and Judges' Award

2019 Rock City Regional Winner and Autonomous Award

2018 World Championships Hopper Division Quarterfinalist and 5th Place in our division (**the highest any Louisiana team has ever ranked!**)

2017 World Championships Carver Division Finalists

2017, 2018 Creativity Award

2012 Industrial Design Award

2009 Rookie All Star Award

*Our 2020 season was unfortunately cut short due to Covid-19 concerns, resulting in the cancellation of Bayou Regional and World Championships
